

St. Paul and the Early Church Trip

September 24, 2012 - October 6, 2012

Few places in the world have had such an impact on generations' more than ancient Greece. These are the lands of the epic poet Homer, Greek mythology, and the arts & sciences. These are the lands of the New Testament where the early church expanded during the first century as a result of St. Paul's visits and the efforts of his co-workers.

We will visit by motor coach and spend time in Athens, Thessaloniki, Philippi, Meteora, Epidaurus, Corinth, and Delphi. We will then launch on a five day Mediterranean cruise to the Greek Isles of Mykonos, Patmos, Ephesus, Rhodes, Crete and Santorini.

Pastor Bob will lift up the writings of St. Paul and many of the highlights of locations associated with his ministry. We will also explore classical Greek history and famous sites. We will see:

Byzantine art & architecture

Byzantine Monastery of Ossios Loukas

The Acropolis

The Royal Palace

Temple of Zeus

The Basilica of St. John

Lions Gate

Clifftop monasteries of Meteora

Sanctuary of Apollo

The Parthenon
