

1 CHOOSE AN IMAGE

Pick one of the following images and use it to tell a brief story, illustrating how over-confidence may have *led* to the situation you see in the photo you picked.

2 READ THE SCRIPTURE

Those who trust in their own wits are fools; but those who walk in wisdom come through safely.
-*Proverbs 28:26*

3 REFLECT Ask some or all of these questions, depending on your context and timeframe

- Why did you pick the image you picked?
- How does the Proverbs passage impact what you see in the image you chose?
- Confidence is good but overconfidence...not so much. Where's the line between healthy confidence and overconfidence? How can you tell when you've crossed the line?
- Tell about a time trusting your own opinions and wisdom served you well. How about a time it got you in trouble?
- The writer of this Proverb says to "walk in wisdom." In your life, what does that look like?
